

## **STYLE 1998 E-Z Bushing**

Style 1998-EZ Bushing is made of INCONEL® wire-reinforced fiberglass with a graphite finish. It contains no PTFE. 1998 was designed for use as a bushing material\* with the convenience of being readily available in bulk form and custom cut to length on site. This not only minimizes downtime but also reduces inventory investment of custom machined bushings.

|                     |   |
|---------------------|---|
| <b>TEMPERATURE</b>  | To +850°F (+455°C) in atmosphere<br>+1000°F (+535°C) in steam |
| <b>PH RANGE</b>     | 2 – 11  |
